

Air Fryer Hotdogs

**BEEF HOT DOGS (WE LIKE BALL PARK)
HOT DOG BUNS
KETCHUP
MUSTARD
HOMEMADE COLE SLAW (RECIPE BELOW)**

Make slits in your hotdogs across the top of one side (about 3 or 4 cuts)

Place in air fryer basket. Cook at 400 degrees for 6 minutes. Take out shake basket and cook another 3 minutes if you want them darker.

I like them dark like they have been on the grill.

“After making hot dogs in the air fryer, I see no need to grill them. They are delicious!” - Tammy
